

## Drop-Off Information

When dropping items off at the Harford Waste Disposal Center you may be asked to place specific items in certain areas.

Not everything that is dropped off is placed in the landfill. Some items are recycled and require shipment to off-site facilities while other items require the special disposal by contracted vendors at other locations. This is all in an effort to conserve costly landfill space, preserve natural resources and to save money.

**Thank you for your cooperation in assistance with this initiative.**

## Household Hazardous Waste Events

Periodically, the Office of Recycling will hold Household Hazardous Waste collection events which are offered to residential customers only. These events which are typically offered once in the Spring and once in the Fall free of charge, assist residents in the proper disposal of household hazardous waste products such as oil based paints and stains, herbicides, pesticides, pool chemicals, household cleaners, etc. To find out when the next event is taking place or for a complete list of accepted items please contact the Office of Recycling, (410) 638-3417 or visit the county webpage.

# Solid Waste Disposal Fees

Flat fee per vehicle **Cash ONLY**

As **PROOF** of Harford County residency, a photo ID with current Harford County address is required for ALL transactions.

- ❖ **Automobiles** (Car/SUV/Mini Van): \$5
- ❖ **Pick-up Trucks & Trailers** (bed length up to 8 feet & bed height up to 3 feet): \$7

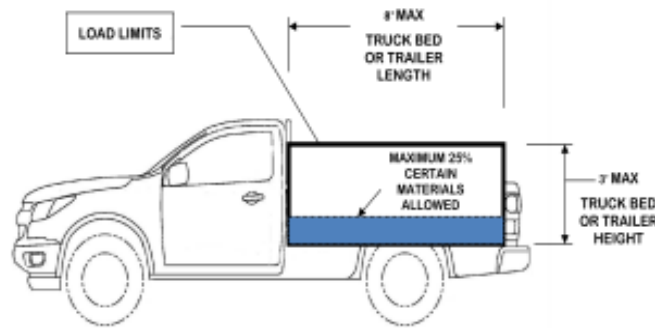

Vehicles not meeting the above criteria will be required to cross the scales and pay the current per ton tipping fee. The minimum fee is \$10. Upon crossing the scales, the driver will be asked to submit their driver's license. After dumping, the vehicle shall cross back over the scales and be weighed, at which time the customer must pay the per ton tipping fee or minimum fee of \$10, whichever applies.

**Vehicles entering the landfill between 2:45pm and 3:00pm that cannot unload and exit the landfill by 3:00 pm will be asked to return on another day at an earlier time.**

# Restrictions

The diagram below shows the acceptable truck bed/trailer sizes & the amount of construction & demolition material that residents are permitted to bring to the facility.

Note: Percent of allowable certain materials shall be based on volume of bed, not on the volume of trash

**\*\*Construction & Demolition material which exceeds 25% of the load capacity of the vehicle **WILL NOT** be accepted for disposal. Loads exceeding this restriction must be disposed of at a rubble landfill. Percentage of material in vehicle is determined by the Weighmaster on duty when customer enters the landfill. \*\***

Please call **(410) 638-3638** with any questions on concerns regarding restrictions on vehicle sizes or solid waste material.
